Dear Friends and Supporters of HCSC,

2023 News

Greetings! The work of our Honduran non-profit partner, FECOVESO, continues going strong, using HCSC funding for community projects, which this year included watershed acquisition and protection, water system repairs, and construction and repair of roads, health centers, and schools.

Though world and health issues have kept me home another year, I do get to attend some of FECOVESO's Board meetings via the internet, as they discuss projects that communities have identified as most pressing. Their careful consideration and the pride they feel in being able to meet those needs is inspiring!

FECOVESO members used their mobile phones to send photos. Unfortunately, the quality is not high but we hope you can get the sense of some of these ongoing projects.

Last year FECOVESO was presented with a plaque from the Municipality of Omoa, in recognition of their many contributions to the needs of communities in the region.

Longtime FECOVESO secretary and supporter Nasaria Gomez Escobar signs documents during a Board meeting.

FECOVESO coordinator Nestor Laínez with new desks for a school, which are greatly appreciated to replace the usual uncomfortable benches.

Increasing rain increases the mud problem in Honduras and, in the photo on the right, we see a path to La Esperanza's school being constructed to prevent students from sliding in the mud.

Thanks friends, for your continuing interest and support! Apologies for being unable to get this out before the end of the year, but if you would like to make a 2023 donation, you can send a back-dated check to us. You can also donate online through our website at: <https://www.hcsc-honduras.org/donate.html>

Your donation, of course, is tax deductible. Honduras Community Support Corporation is recognized by the IRS as tax exempt under Section 501(c)(3) of the code and is registered as a charity with the New York State Attorney General's Office
