in Honduras

Dear Friends and Supporters of HCSC,

December 2021

Due to the lack of vaccines in Honduras, and Covid challenges here, I have not been able to visit, so we are again replacing the Newsletter with this simple letter. But FECOVESO, our Honduran non-profit partner, has undertaken many projects – and they have even managed to send photos! Their board has continued to meet and update me regularly, taking safety precautions – 2 members have survived Covid, though one is not back to normal after months of recuperation. Despite this, they have been determined to, and have, carried on!

There has been a big concentration on providing funding for communities to rebuild their water systems (mostly from mud slide damage – see photo on left), refurbish damaged schools and latrines, and helping with access to electricity, as well as projects such as rebuilding swinging bridges, and buying, fencing and reforesting watersheds.

Shipping prices more than doubled immediately with the pandemic, but with help from Hondurans, we have managed to continue to get food to the mountain communities.

This water project in Monte Sinai was the result of collaboration with the city of Omoa.

Tubes being delivered for the Nueva Esperanza water system.

Thanks friends, for making increases in your donations last year to meet the disasters Honduras was dealing with, and, as always, thanks for your continuing interest and support!

By the way, if you use Amazon, 0.5% can be donated to HCSC if you buy through [smile.amazon.com](https://smile.amazon.com)

Your donation, of course, is tax deductible. Honduras Community Support Corporation is recognized by the IRS as tax exempt under Section 501(c)(3) of the code and is registered as a charity with the New York State Attorney General's Office
